THENCE

Re: Applying for UX Intern.

Dear Sir/Madam

I'm writing to you regarding the UI FrontEnd Engineer Intern role that opened up recently. I came across the job description on Indeed and was delighted to find that my skills meet all of the necessary requirements. I am seeking a challenging but rewarding internship, which is why I was drawn to this exciting opportunity.

I enjoy being challenged and engaging with projects that require me to work outside my comfort and knowledge set, as continuing to learn new Design and development techniques are important to me and the success of your organisation.

Your listed requirements closely match my background and skills. A few I would like to highlight that would enable me to contribute to your bottom line

- Good knowledge and speed working in sketch.
- Good understanding about contemporary design style and mobile responsiveness.
- Good understanding of UI/UX design.
- Passion for building a rich and innovative user experience.

I've attached a copy of my resume that details my projects and experience in software development. I can be reached anytime via my cell phone, +91-8076409342 or via email at devrawat2003@gmail.com.

Thank you for your time and consideration. I look forward to speaking with you about this opportunity.

Yours sincerely,

Devansh Rawat
